Section 315.30 Procedure

- a) Where a pole attachment agreement is not exempt pursuant to 83 Ill. Adm. Code 105 and 710 (formerly the Commission's General Orders 175 and 199), so that consent and approval of the Commission is required by Section 27 of "An Act concerning public utilities" (Ill. Rev. Stat. 1983, ch. 111-2/3, par. 27) , and where the parties thereto have agreed to the annual rental rate specified in such agreement, the utility's petition for consent to and approval of the agreement shall be accompanied by verified statements of concurrence as to the rate, signed by a representative of each party. In such cases, no showing shall be required that the rental rate is equal to the rate resulting from the formula set forth in Section 315.20 hereof.
- b) Where a pole attachment agreement is not exempt pursuant to 83 Ill. Adm. Code 105 and 710 (formerly the Commission's General Orders 175 and 199), so that consent and approval of the Commission is required by Section 27 of "An Act concerning public utilities" (Ill. Rev. Stat. 1983, ch. 111-2/3, par. 27), and where the parties thereto have not agreed to an annual rental rate, the utility's petition for consent to and approval of the agreement shall be accompanied by an exhibit or exhibits showing that the rental rate proposed by the utility is equal to the rate resulting from the formula set forth in Section 315.20 hereof, or if there is a deviation from the formula, a statement explaining any deviations therefrom. Commission decisions under this Part shall be governed by the following standard: Costs will be assessed on a fully allocated basis so that neither the CATV company nor the public utility subsidizes the operations of the other. In determining whether to approve deviations from the formula set forth in Section 315.20, the Commission shall first consider the benefits to be derived by each party to the agreement, and then determine whether charges have been apportioned in accordance with those benefits.
- c) Where a pole attachment agreement provides that the annual rental rate shall be adjusted each year based on the most recent data applied in accordance with the formula set forth in Section 315.20 hereof, the consent and approval of the Commission to the rental rate resulting from such annual adjustment shall be required.

Section 315.10 Statement of Purpose and Commission Policy

- a) The purpose of this rule is to designate a preferred methodology for computation of annual rental rates to be paid by cable television ("CATV") companies to electric and telephone public utilities under the jurisdiction of the Illinois Commerce Commission for the use of space on such utilities' distribution poles for attachment of CATV cables and associated facilities.
- b) It is the policy of the Illinois Commerce Commission that CATV companies and public utilities should, to the maximum extent possible, endeavor to establish pole attachment rental rates through negotiation and without resort to the processes of the Commission. The preferred pole attachment rental rate formula is designated herein in order to provide guidance to all parties in such negotiations and to set forth the methodology the Commission intends to follow in exercising its authority under Section 27 of "An Act concerning public utilities" (Ill. Rev. Stat. 1983, ch. 111-2/3, par. 27) with respect to such controverted cases as are brought before it.
